

### **Fun Cards for HALO Youth Instructions:**

*White crayon, masking tape, watercolor paper, watercolors and paint brush*

1. Fold your paper in half and tape the edges of your paper with tape.
2. Make a design on the front of your card with a white crayon. Be creative with this, and choose designs or words that you want HALO youth to see (like *Love Heals, Art Heals, hearts, halo, etc.*)
3. With your watercolor supplies, paint over the white crayon design using any colors you want! You will notice that the crayon design will start to peak through the watercolors, making your designs stand out!
4. Pull off all the masking tape around the edges of your card to reveal the border.
5. When you are finished, leave your card here. Your creation will be given to a HALO youth in HALO Homes!

### **Birthday Cards for HALO Youth Instructions:**

*Sheet of paper, Washi tape, watercolors and paint brush, pen, markers*

1. Fold your paper in half to make a card.
2. Tear off pieces of Washi tape, and line them up across the bottom of your card. Make them different lengths. Some tall, some short, and some in the middle. *These will be your birthday candles!*
3. Next, use a pen to draw a little line on top of each of your candles. *This will be the candle wick!*
4. Use watercolors or markers to draw flames coming off each of your candles. The flames can be any colors you choose.
5. Finally, your card design is complete! All that's left to do is write a message for the HALO youth on the inside. Wish them a happy birthday, and write a message to them from your heart!
6. When you are finished, leave your card here. It will be given to a HALO youth on their birthday!
